<b>MATH</b>								
<p>A graphing calculator (TI-84 preferred) will be required for all Uni math classes. Students who purchase a Texas Instruments calculator are requested to turn in the "TI Technology Rewards Program" points block from the calculator packaging (the department can redeem points for TI products for classroom use). Students in Math 1/Math 2/Math 3 will need a sturdy compass, a sturdy ruler, and a sturdy protractor ("sturdy" means they'll hold up under backpack conditions). Some stores sell "math kits" that may work, but sometimes the compass in those kits doesn't work well, and kits with plastic cases often wind up broken. Microsoft Excel is required for all students (other spreadsheet program files will not be acceptable substitutions). All students will need a word processor that can handle math symbols; any document files submitted must be submitted either as Microsoft Word files or as .pdf files (other word processor program files will not be acceptable substitutions). Student computers must have GeoGebra downloaded and installed for off-line use, and students must be able to save GeoGebra files for file transfer purposes. All students must have Microsoft OneNote installed on their computers, available for both online and offline use.</p>								
<b>Math 1</b>	<b>Prescott</b>		Online materials provided by the Math Department					
<b>Math 2</b>			Online materials provided by the Math Department					
<b>Math 3</b>	<b>Buhnerkempe</b>		Algebra and Trigonometry (AND access to WebAssign)	Stewart, Redlin & Watson	9781305071742	4th	Cengage Learning	
			Either e-book or printed edition are accepted, together with Webassign access.					
<b>Advanced Topics in Mathematics</b>	<b>Prescott</b>		CME Project Precalculus	EDC	9780133500202	2009	Pearson	
			Mathematica (student version, through WebStore)	Mathematica Online is available free from the WebStore.				
			Using webassign, with additional resources included, is a possibility (cost for one course was \$35 in 2019-2020). Students are not required to purchase a license before the beginning of fall 2020.					
<b>Statistics</b>	<b>Buhnerkempe</b>		The Practice of Statistics (either printed or ebook)	Starnes, Daren S. et al.	9781319113339	6 <sup>th</sup>	WH Freeman	
<b>Calculus 1/Accelerated Calculus</b>	<b>Boca</b>		Stewart's Calculus with Early Transcendentals with WebAssign	James Stewart	9781305267268	8 <sup>th</sup>	Brooks-Cole/Cengage	

## TEXTBOOKS 2021-22

Course	Teacher	Comments	Textbook	Author	ISBN	Edition	Publisher
			Students may purchase the hardcover, softcover, or electronic-only access. Calculus: Early Transcendental 8th Edition Multi-Semester eBook & Online Homework Package, available through the WebStore, <a href="https://webstore.illinois.edu">https://webstore.illinois.edu</a> You will need access for 10 months. Students intending to take Calculus 2/3 at Uni will need the 2-year access. You may prefer to attend class BEFORE purchasing the materials to discuss options with the teacher. There is a two-week grace period after the beginning of the course of free access to the e-book and to the online homework.				Students in Calculus 1 or Accelerated Calculus 1 will need to purchase a license for WebAssign, even if they buy a used Calculus textbook. Many students prefer the WebAssign with eBook option, and not use a hard-copy of the textbook. Students who intend to take Calculus 2/3 at Uni and make their purchase from the webstore should be sure to buy the multi-semester version, so they will have access next year. Buying a year-long high school licence form Cengage/webassign for each of the two Calculus years at Uni is usually the least expensive option.
<b>Accelerated Calculus 2/3</b>	<b>Boca</b>		Stewart's Calculus with Early Transcendentals	James Stewart	9781305267268	8 <sup>th</sup>	Brooks/Cole

You may prefer to attend class BEFORE purchasing the materials to discuss options with the teacher. There is a two-week grace period after the beginning of the course of free access to the e-book and to the online homework.				Students in Accelerated Calculus 2/3 will need a 2020-2021 license for WebAssign, even if they buy a used Calculus textbook. Many students prefer the WebAssign with eBook option, and not use a hard-copy of the textbook. If they have purchased the multi-semester version from the webstore last year, they should be able to use it in 2020-2021. If they do not have a multi-semester license, they can consider the one-year high school option.
			Using Mathematica for Acc Calculus 2/3, either free student version or licensed version, is a possibility. Students are not required to install Mathematica on their computers before the beginning of fall 2020.
